REPUBLICAN "FIELD DAY" IS PROJECTED.

Its Purpose to Raise Funds to Equip the Several Rough Rider Companies.

MESSAGE FROM PRES. M'KINLEY

To West Virginia Republicans to b Brought From Canton by Relay of Bicyclists.

PROGRAMME OF TRACK SPORTS

To be Arranged, and a Speech by Well Known Speaker to be the Concluding Feature.

esterday's Intelligencer that Colonel Roosevelt would speak in Wheeling on the afternon of Thursday, October 18, interest in the organization of the several companies of Rough Riders has increased but there is a stumbling block
—the expense of equipping the boys
with the khaki uniform, which is deemed desirable through its having become

famous as the uniform of Colonel Roosevelt's regiment in Cuba. The Intelligencer yesterday suggested to some of the Rough Rider companies' leaders and to Chairman Hornish, of the Republican county committee, that a Republican field day be held at the State Fair grounds, the proceeds to be used as an equipment fund for the Rough Rider companies, each company

to receive an equal share of the fund.

The proposition is to have a programme of track sports, including bicycle races, horse races, a foot ball game (betwen elevens that served in the Spanish-American war) and other events that may suggest themselves in

It is further proposed to add a feature of the greatest interest and novelty—nothing less than a message from President McKiley, at Canton, to West Virginia Republicans, in Wheeling. This message to be brought by a relay of bleyelists from Canton to Wheeling, leaving Canton about 9 a. m. and reaching the State Fair grounds here about 3 or 4 p. m., and to be read to the assembled multitude from the grand stand. The relays would be five miles each, and it is intended to have two riders on each relay, in order that a break-down of one rider would not delay the carriage of the President's message. The distance from Canton to Wheeling, via Cadiz, is about eighty miles, so sixteen relays and thirty-two riders will be in evidence. It is intended to interest the wheelmen of Canton, Massillon and other intermediate towns, but the larger number of of bicyclists from Canton to Wheeling ate towns, but the larger number of relays will be ridden by Wheeling cy-clists. The Intelligencer, assisted by Mr. Jason C. Stamp, will make the needed arrangements for the running of the relay race in the event that the field day idea goes through. Of course, there will be great interest in this feature of the day, owing to lis novelty and the fact that the message to West Virginia Republicans will come from

the nation's ruler. As a concluding feature of the day-after the sports and receiving of the President's message—it is proposed to have a speech by a speaker of national

reputation, who will be secured through the county or state committees.

A meeting of the presidents and cap-tains of the Rough Rider companies organized in Washington, Madison, Clay, Union, Centre, Webster and Ritchie districts is called for next Mon-day evening at 7:30 o'clock, when the field day project will be discussed and if possible put on foot. The meeting will be held at the Intelligencer editorial rooms.

Though the athletic features that will be arranged would call for an or-dinary admission fee of twenty-five cents, the projectors of the field day propose to fix the admission at ten cents, in order to bring the affair with-in the reach of everybody. There would be no occasion to charge an addission at all, except for the fact that there will be the expense of the grounds and smaller incidental ex-penses, as well as the desire to raise funds for equipping the Rough Rider companies, so that they may make a presentable appearance when "Teddy" comes on October 18.

It is hoped to hold the field day on the afternoon of Saturday, October 6.

Germana-Polish Club.

Last night, the German-Polish Re publican club, of the Eighth ward, was formed with a membership of forty seven. W. W. Odell, a member of Roosevelt's regiment, and who served through the Cuban campaign, was pre sent and assisted in the organization of the club. The following officers were chosen:

Secretary-John Melcher. These Americans by adoption, know hat the continuance of the Republican party in power in this country mean continued prosperity, and they intend through this organization to do all in their power to insure that continuance

Island Rough Riders.

Last night, at the Island hose house there was a meeting of the young men who recently formed the Island Rough Riders company. The finance committee reported excellent progress, and the officers were authorized to order fifty khaki uniforms, trimmed in yellow. It was also decided to equip a drum corp of ten pieces. The company will drill on Monday, Thursday and Friday, at 7:20 p. m., at the Island hose house

THE BEST MEETING

Addressed by Local Speakers Ever Held in Martin's Ferry Was That of Last Night-A Great Speech by Hon. C. L. Weems.

At Martin's Ferry last night the Republican campaign was formally open-ed with a rousing meeting, addressed by Hon. C. L. Weems, of St. Clairsville, Belmont county's youngest and most Beimont county's youngest and most popular campaigner. The oratorical treat was preceded by a very credita-ble parade, which was made up of the J. J. Gill Club and the Mark Hanna Es-

treat was preceded by a very creditathe parade, which was made up of the
J. J. Gill Club and the Mark Hanna Escort Clubs, together with many Hepublicans. After a short line of march
the body halted at the corner of Fourti
and Walnut streets, where a large platform had been erected, and from which
the speaking took place.

The meeting was a success beyond expectations, and being the first held it
was expected to be merely a warming
up gathering, but it proved to be more
than that, and was a real red hot, bolling over Republican rally. In the audience were many representatives from
the country district, and prominent Republicans from the county seat and
Bellaire were very much in evidence.
Many Democratic faces were also conspicuous in the-audience, and it is believed that the address had a good effect upon this contingent. The attendance was fully 3,000. Seated upon the
handsomely decorated stage were about
one hundred prominent Belmont county
Republicans.

Mr. Weems was in perfect voice, and
never appeared before apolitical gathering to better advantage. The colonel's popularity and recognition as a
speech-maker throughout the county always insures for him a large and interested audience, and notwithstanding
the counter attractions at Martin's Perry last night an Immense throng of peopile turned out. More enthusiasm was
never evidenced over a political gathering in the over-the-river town than was
manifest last night:

The meeting was called to order by
Samuel Westwood, who introduced as
chairman of the meeting, Judge J. S.
Cochran. After a soul-sutring patriotic
selection by the J. J. Gill Glee Club,
Rev. J. S. Bogle offered up prayer. The
glee club then rendered a campaign
mediley, after which Chairman Cochran
introduced Hon. C. L. Weems.

Ovation for Weems.

Ovation for Weems. The speaker received a tremendous ovation as he took his stand upon the

ovation as he took his stand upon the platform, the thousands assembled joining in one grand outburst of applause. Portions of his speechs are as follows: "Mr. Chairman, Ladies and Citizens of Martin's Ferry and the United States of America:—I have been making Republican speeches since I was sixteen years of age, laying up treasures above for twenty-five consecutive years but of Martins Ferry and the United States of America:—I have been making iterpose the same of Lwas sixteen for twenty-five consecutive years, but I never attended a better local meeting in any country than the one here to-night. I came down to neight to realist. I came down the new Martins Ferry has done herself proud to-night, and the reason can best be illustrated by the story of the small boy who set eggs, and when asked to the try dozen the number so large, remarked "That he wanted to see her spread herself." So Martin's Ferry had spread herself. That he wanted to see her spread herself. That he wanted to see her spread herself. The years in his Indianapolis speech, of human rights, while Republican ideas were that of interests of wealth and seconomy against human rights. Mr. Bryan four years ago said that the settled with the

progress that has been attained under the present administration in Cuba. Two years ago there was not a boy or girl on the Island of Cuba that attended school, while there are today 140,000 school attendants on the island, and every school book was purchassed under the leadership of Ohlo's son, William McKinley. That is the imperialism that our flag is carrying around the globe. The supreme question is that American business needs to be let alone. On the 6th of November every Republican should by his vote say: "Keep off the grass." "Hands off Cyclone Davis." Human rights is a good thing, but you can't live on rights alone; we must have something to eat. The air that we breathe is the only thing that is free, and in this day we have to fight amoke to get our share of it.

Colonel Weems then congratulated the Republicans of Pease township upon their loyalty, and carnestly urged upon them the necessity of their going to the polls on November 6, and by their votes maintain the party that has been triumphant abroad, and has caused prosperity at home.

Mr. Weems dwelt almost exclusively upon the imperialistic side of Bryan's
